Forest Inventory

Plot #_____ **Location:** _____

1/10 acre plot has a radius of 37.2 feet

Tree #	**Species**	**Crown class** (dominant, co-dominant, intermediate, suppressed)	**Diameter at Breast Height** (inches)	**Height** (measure every 5th tree)	**Volume** (board feet)

Downed Logs

#	Length	Diameter (largest)	Decay class

Snags

#	**Diameter at Breast Height** (inches)	**Height** (measure every 5th dominant tree)	**Decay class**

Intermediate Layer Present?				
Nesting trees?				
Evidence of disturbance?				
Crown closure? (at N, S, E, & W point)				
Watershed features present?
