

**Kern County 4-H  
GOLD  
(3/05)  
Market Goat  
Project levels study guide**

**The gold levels test study guide is taken from information learned in the 4-H skills for life animal science series "Meat Goat Activity Guide", which can be purchased on line at [www.n4hccs.org](http://www.n4hccs.org). There is a series of 3 books the information is out of. Level 1, Level 2 and Level 3. These are very interesting learning books and can help while teaching the market goat project at your meetings.**

**The test is approx 30 problems. There is multiple choice, true and false, fill in the blank and written response.**

**Good luck.**
