

Bronze Clothing Test **Study Guide**

The clothing test is composed of written answers and some identification questions.

The member should be able to identify the following:

1. Know how to read a label on the end of a fabric bolt. Including the fabric type, and care.
2. Know at least 5 different types of fabric.
3. Identify the different parts of a sewing machine.
4. Know the difference between woven fabrics, and knit fabrics.
5. Be able to identify the parts of fabric. (ie. Salvage edge, bias, etc.)
6. Know how to read a ruler.
