Sonoma County 4-H Day Camps 2016

University *of* California
Agriculture and Natural Resources ■ 4-H Youth Development Program

Sonoma County is experiencing a demographic shift where the Latino population has increased by over 300% in the past 20 years. Nearly 37% of Sonoma County youth between age 5 and 18 identify as Latino, but the Sonoma 4-H community is comprised of less than 10% Latino youth. To address this issue, Sonoma 4-H is growing, expanding, and diversifying with new 4-H Clubs during afterschool at schools in Santa Rosa and Windsor, serving primarily Latino youth.

Summer Day Camps— In 2016, 64 youth and 9 volunteers participated in four weeks of day camp. In LEGO-based activities, youth completed challenges through team work and design thinking. In Civics, youth learned about city planning, the law making process, and public transportation. Programs also offered fun sports activities like flag football and basketball in a non-competitive environment to promote healthy living and sportsmanship.
