Squash (summer) (tsp, F)												
Squash (winter) (tsp or ds, F)												
Strawberries (tsp)												
Swiss Chard (tsp, ss3)												
Tomatoes (tsp, F)			GH GH GH GH									
Winter Cover Crop (ds)												

ds= direct sow; plant seed directly in ground

tsp= transplant; sow seed in pot or flat then transplant in ground, typically 3 weeks after sowing seed

ss= succession; for continuous harvest, plant seeds at intervals. The number refers to # of weeks between sowing seed (ss2= sow seeds every 2 weeks)

F= crop is susceptible to frost. If you plant these crops outdoors during frost period, cover with floating row cover.

GH= if you plant during these weeks, plant in a greenhouse or coldframe
