

BEGINNING FARMER SUPPLIES RESOURCE SHEET

Updated September 2019

This resource sheet is meant to be a guide and does not hold the Center for Land-Based Learning or UC ANR liable for your farming activities. The resource sheet is meant to be a supply resource guide for farmers in Yolo, Sacramento, and Solano counties. Mention of a company does not constitute a guarantee or warranty of its products or an endorsement over products of other companies not mentioned. This is not a comprehensive list but rather a starting place. Please don't hesitate to let us know if changes have occurred or should be updated on this document. If you are a grower, we welcome resource suggestions to help build this as a community resource.

COMPOST

Cold Creek Compost	Ukiah	(707) 485-5966	Yard trimmings and poultry
