### **Club Sharing**

- How does your club kick off a new calendar year: reports such as community service, grange breakfast, healthy living presentations, mid year officer/parent meetings, livestock set up, organizing for the rest of the year, prep for committees, get projects scheduled, kick off presentations, some have club meetings, weather has put a big obstacle for many opportunities, club hike, etc

### **Camp 2023 update**

- Lorin reported save the date for posting the registration for Camp, teen counselors will have their first meeting at end of January, trying to train newbies. Full for chaperone staff but there are other ways to volunteer; behind the scenes before camp begins & Day Camp Volunteers (not overnight) – something to offer that may be unique (painting, crochet, etc). Camp volunteers apps close in April. Youth registers (need 50 boys & 50 girls), payment received.

### **Staff Report-** (Lorin Hofmann-Lurz)

- Weather has forced county & state emergency, clubs need to postpone meetings, preferred to move to zoom instead of postponing/canceling, this can change attendance requirements, have a trickle down affect, reflect on Club bylaws, think of incentives to meet. Project meetings on the other hand just may need to be simply rescheduled
- Mid year reviews are required in Monterey County, re-submit forms corrected as a 2nd chance, reach out to Lorin for support where needed
- We have postage in the office for use, bank statements were saturated with the weather
- Presentation Day is coming! Use updated manual, each club provide judges, Regional presentations will be in person & TBD (gold or blue awards move on)
- County calendar is updated, please distribute
- Enrollment is done, anyone new apply please call Lorin, no need for immediate payment but treasurer Misty will be billing club, adults being approved by Ana Torres (no longer Lorin or Club VEC)
- Shutterfly is closing their share sites as of March 2023, we will have to adjust (download data & photos), need to buy a photo/product at least once per year to be able to use Shutterfly (no longer share sites). Lorin looked at other sites to no avail, any suggestions?
- New Support Staff named Mayra Rivas, enrollment, rentals of conference room, bank statements, etc

Ana Torres - enrollment, staff restructuring, state staff found missing the interest survey from 2017, 15 min per volunteer to approve, NEED ALL RECORDS kept to help Ana, she is working diligently

**Funding:** recent movement to CES funding, need to speak to Exec Board first then host an open forum, state asking on a democratic vote, each county gets one vote, Ana will do so on our behalf, majority rules on total voting so we need to keep that in mind. Can email her to know

more, she is approaching local funders for Monterey County, etc. Voting on January 31 so need to meet immediately.

**Unfinished Business:**

- Moving funds from Morgan Stanley, monies cost us \$120 per year to hold funds, does not give us enough income to offset that, no success to waive fees, ongoing challenge to receive paperwork/statements. Overall close the acct to move into current Pacific Valley Bank before the end of program year. May be in person required and not so simple process, Misty to get more details on such process.
- Misty recommends to vote tonight to close to deposit into general fund, separated line item in budget to monitor \$, once Provisional staff funding acct closes we can utilize that one with no fees + interest accrued. \*\* Amy (SB) 1st motions to move funds & close Morgan Stanley account; Gina (Aromas) 2nd – no discussion, all approved

No further unfinished business

**New Business:**

- No new business

**Adjourn:**

All can stay on who wishes to hear Ana speak about CES funding. Review upcoming dates from agenda

Meeting was adjourned at 8:25 PM  
Alicia 1st; Misty 2nd – no discussion, all approved
