285-9 Criteria

- a. A candidate for appointment, reappointment, merit increase, or promotion in this series shall be evaluated by the following three criteria with teaching excellence being more highly weighted than the other two:
 - (1) Teaching excellence: The demonstration and maintenance of teaching excellence is the primary criterion for the series.
 - (2) Professional and/or scholarly achievement and activity, including creative activity.
 - (3) University and public service.

These criteria are further explained in [APM - 210-3](#), *Instructions to Review Committees That Advise on Actions Concerning the Lecturer with Security of Employment (LSOE) Series*.

- b. Change of series
- Rev. XX/XX/2023

In cases when there has been a review of an Assistant Professor and the Chancellor has decided not to continue the individual's appointment in the professorial series, the individual may not subsequently be appointed on any campus to the Professor of Teaching series (or certain other titles) for a period of five (5) years. (See [APM - 133-0-a\(3\)](#).)

Upon the recommendation of the department, and consistent with campus academic review processes, the Chancellor may appoint an Associate Professor or Professor to the Associate Professor of Teaching or Professor of Teaching title. This change of series requires the written consent of the faculty member.

An appointee in the Professor of Teaching series may have a change of series into the professorial series consistent with campus academic review processes and only upon satisfying recruitment compliance.

285-16 Restrictions

The following restrictions apply to the use of titles in this series:

- a. In order to maintain the University's mission for an appropriate balance between education, research, and service, the Chancellor, in consultation with the Academic Senate, may establish a cap on the number of appointments in this series. If so desired, a cap may be set for each school or department.
- b. Normally, an appointment to this series is for one hundred percent (100%) time to the University.
- c. Security of employment may be granted only for an appointment at more than 50 percent (50%) time unless the Chancellor, whose authority may not be redelegated, approves the appointment by special exception.
- d. An initial appointment at less than one hundred percent (100%) but more than fifty percent (50%) or more time with a title in this series, or a subsequent temporary or permanent reduction in the percent time of the appointment, may be authorized under exceptional circumstances, provided the Chancellor specifically approves the arrangement as being in the best interests of the University based on the particular situation.

A memorandum of understanding between the Chancellor and the part-time appointee shall be signed by both parties, to clarify the following:

- (1) There are no implied rights to current or future full-time security of employment and the only security of employment granted with this appointment is at the agreed upon percentage; and
- (2) Workload expectations are based on the specified percentage of time of the appointment.

- e. Appointment and advancement of a part-time appointee shall depend on the quality of performance in teaching excellence, professional and/or scholarly achievement, including achievement and activity in creative work, and service with teaching being more highly weighted than the other two. Expectations for the quantity of performance shall be based on the percentage of time of the appointment, but expectations of the quality are the same as one hundred percent (100%) time. In all cases, when an appointee is considering a part-time appointment, or a temporary or permanent reduction in the percentage of time of an appointment, the terms of the appointment and the performance expectations shall be discussed by the dean, department chair, and the appointee at the outset and documented in a memorandum of understanding for advancement.
- f. When there has been a review of an Assistant Professor of Teaching, Assistant Professor in the Professorial series, Assistant Professor in Residence, or Assistant Professor of Clinical (e.g., *Medicine*) and the Chancellor has decided not to continue the individual's appointment in that series, the individual may not be appointed on any campus to certain faculty titles for a period of five (5) years as set forth in [APM - 133](#), Appendix A and also [APM - 133-0-a\(3\)](#) and [b\(3\)](#).

 - (b) A promotion or merit increase may become effective on July 1st before the end of a two (2)-year term, but such advancement shall mark the beginning of a new term of appointment.

(b) Associate Professor of Teaching and Professor of Teaching

All appointments and promotions to the ranks of Associate Professor of Teaching and Professor of Teaching shall continue until terminated by resignation, retirement, or dismissal. An appointment with security of employment shall not be terminated except for good cause after the opportunity for a hearing before the properly constituted advisory committee of the Academic Senate, in accordance with [Regents' Bylaw 40](#) and [Senate Bylaws 336](#) or [337](#).

285-18 Salary

The Office of the President publishes a salary scale for this series. The Professor of Teaching series will include three ranks and the same steps as the professorial series.

The Chancellor, after appropriate review, has authority to approve salaries up to and including the Indexed Compensation Level (ICL) threshold.

The Provost and Executive Vice President for Academic Affairs has authority to approve salaries exceeding the ICL threshold. (See [APM - 220-85-d.](#))

285-19 Normative Periods of Service

The normative periods of service at rank and step in this series are shown in the published salary scales and are described below. Although these time periods indicate the usual intervals between advancements, they do not preclude more rapid advancement in the case of exceptional merit or more gradual advancement when warranted and if unrelated to an Assistant Professor of Teaching's eight-year limitation. Personnel reviews that are deferred due to extending the security of employment clock (stopping the clock) for reasons as defined in [APM - 133-17-g, -h, and -i](#) or a family accommodation as defined in [APM - 760](#) should be treated procedurally in the same manner as personnel reviews conducted at the usual intervals. All evidence produced during the probationary period, including the period of the extension, counts in the evaluation of the candidate's review file. The file shall be evaluated without prejudice, without regard to the length of service at the Assistant Professor of Teaching rank, and so stated in the department chair's letter.

- (1) For an Assistant Professor of Teaching, the total period of University service in the title Assistant Professor of Teaching or in this and certain other titles (see [APM - 133-0](#)) shall not exceed eight (8) years, except as provided in [APM - 133-12](#). The normative period of service at a given step in this rank is two (2) years.
- (2) For an Associate Professor of Teaching, the normative period of service in this rank is six (6) years. The normative period of service at step is two (2) years in each of the first three (3) steps. Service at Steps IV and V is three (3) years in each step.
- (3) For a Professor of Teaching, the normative period of service is three (3) years at step in each of the first four (4) steps. Service at Step V and above may be of indefinite duration.

Advancement to Step VI usually will not occur after less than three (3) years of service at Step V. This involves an overall career review and will be granted on evidence of sustained and continuing excellence in each of the following three (3) categories, with teaching excellence receiving primary weighting

above the others: (1) extraordinary effectiveness and excellence in teaching and teaching-related tasks; (2) professional and/or scholarly achievement and activity; and (3) University and public service. Advancement from Step VI to Step VII, from Step VII to Step VIII, and from Step VIII to Step IX, will usually not occur before three (3) years at step, and will only be granted on evidence of continuing achievement at the level required for advancement to Step VI.

Advancement to an Above-Scale rank involves an overall career review and is reserved only for the most highly accomplished faculty (1) whose work of sustained and continuing excellence has attained national or international recognition and broad acclaim reflective of its significant impact on education within the discipline; (2) whose contributions to University teaching and education outcomes are excellent; and (3) whose service is highly meritorious. Except in rare and compelling cases, advancement will not occur after less than four (4) years at Step IX. Moreover, mere length of service and continued good performance at Step IX are not justification for further merit advancement. There must be demonstration of additional merit and distinction beyond the performance on which advancement to Step IX was based. A merit advancement for a candidate already serving at above-scale must be justified by continuing evidence of accomplishment commensurate with this level. Continued good service is not an adequate justification. Intervals between such merit advances may be indefinite, and only in the most superior cases where there is strong and compelling evidence will advances at intervals shorter than four (4) years be approved.
