## **UCCE offers Water Measurement Training**

**September 13, 2024**

**1:00pm to 5:00pm**

**UC Cooperative Extension Conference Room  
1432 Abbott St., Salinas**

California water-rights holders are required by state law to measure and report the water they divert from surface streams. For people who wish to take the water measurements themselves, the University of California Cooperative Extension is offering in-person training to receive certification.

**At the workshop, participants can expect to:**

- clarify reporting requirements for ranches.
- understand what meters are appropriate for different situations.
- learn how to determine measurement equipment accuracy.
- develop an understanding of measurement weirs.
- learn how to calculate and report volume from flow data.

Limited to 30 people. Register now!

**Pre-registration is required - \$30 registration fee.**
